

JUST ONE THING

Submitted by: Kathleen Menegozzi, kathleen@jackspizzanh.com

Company/Organization: Jack's Pizza

Type of Organization: For profit business

Number of Employees: 17

Category: Community

Challenge or Opportunity: Voter misinformation, concern, apathy.

Approach or Solution: We set up a voter information booth that runs 3 days per week on Thursday, Saturday and Sunday right in front of our curbside only store.

We provide the following information to our customers who line up in front of the booth for curbside service:

1. Voter registration forms
2. Absentee ballot applications
3. Important date reminders

Impact: Our workers are driving this initiative & are feeling empowered & in action on a subject they are passionate about. Our community has a place to get easy information about voting while picking up their regular pizza order. As a local business this was our first time proudly stepping out & vocally supporting a progressive candidate in the primary.
